GEO Group from IMG

At IMG® (International Medical Group®), our team of professionals is available to assist you with your medical needs should they arise. In addition to this guide, enclosed in your insurance packet, you will find the following helpful, important items:

1. Declaration of Insurance:

The declaration includes specific provisions. We recommend that you review these documents closely, and notify IMG or your agent if you have any questions. Your complete Declaration of Insurance includes all of the following:

Declaration Page—contains your insured ID as well as certain terms of your coverage, including certificate number, effective dates, and deductible selected.

Certificate of Insurance—contains a complete outline and certification of coverage under the Master Policy, including definitions and other provisions that are intended to help you understand the various terms and conditions which apply to the coverage you have purchased, including benefits, exclusions, eligibility requirements, and limitations.

2. Identification Card:

Please keep your identification card with you at all times and present it to your healthcare provider if/when you seek medical treatment. Your identification card contains important telephone numbers for precertification purposes (please refer to the applicable provisions of your Certificate of Insurance for precertification details). Your provider may offer to precertify for you; however, it is ultimately your responsibility to see that the appropriate requirements are met.

3. Claim Form:

For improved user experience, communication, and efficiency, we recommend you submit your claim online via MyIMG (<https://www.imglobal.com/member>). While most IMG products are available for online claims submissions, you may continue to use our claim forms for all products if necessary. In the event that you need to file a claim for benefits, these documents will assist you in filing a Proof of Claim, and will help you understand the various terms and conditions of the coverage you have purchased. Specific provisions regarding the filing of Proofs of Claim can be found in the enclosed Certificate.

4. Privacy Policy:

Please review our corporate policy regarding your privacy: <https://www.imglobal.com/legal/privacy-policy>.

LOCATING A PROVIDER IN THE U.S.

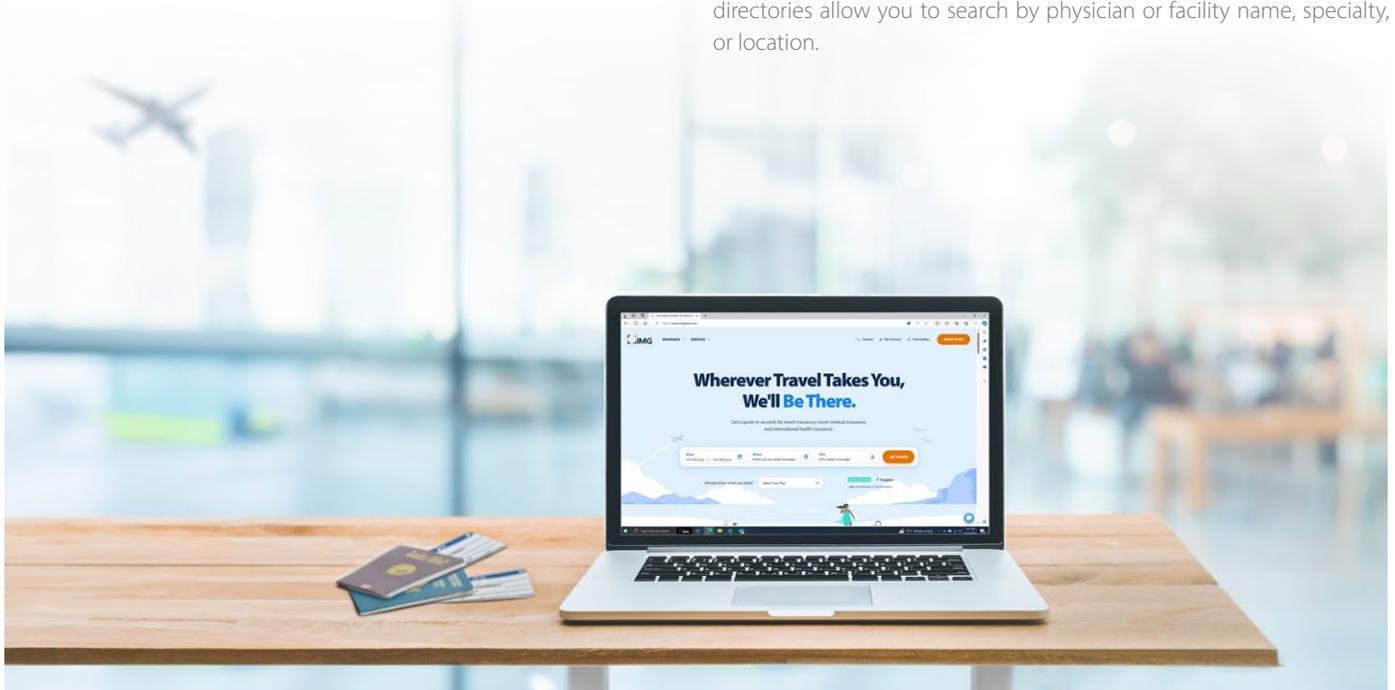

Whenever or wherever you travel, it's comforting to know that the extensive Preferred Provider Organization (PPO) Network is there to serve you. The independent PPO includes hundreds of thousands of established, highly qualified physicians and facilities, including some of the most well-recognized university medical centers and transplant facilities in the U.S.

Of course, you have the freedom to choose any physician or healthcare facility you wish. However, choosing a provider in the PPO network can significantly reduce your out-of-pocket expenses.

LOCATING A PROVIDER OUTSIDE THE U.S.

If you are seeking treatment outside the U.S., we provide you access to our proprietary International Provider Access (IPA), a database that includes more than 18,550 highly qualified physicians and facilities that encompass a comprehensive array of specialties to handle any healthcare emergency. Our direct billing arrangements can also ease the time and up-front expense at select providers. Direct billing providers are indicated with a star.

You can instantly access a list of providers and facilities within the PPO and IPA network online at imglobal.com or through MyIMG. The directories allow you to search by physician or facility name, specialty, or location.

Medical Concierge Service (MCS)

Members can utilize MCS for non-emergency medical information.

IMG's MCS provides worldwide assistance and medical management services. This service is designed to provide you with information when you are in need of a non-emergency medical procedure in the U.S. MCS assists you in making the right decision for treatment by providing information on provider ratings, past outcomes, and general costs—all in the area where you are planning treatment.

WHEN DO I CALL MCS?

Early notification is key! Call MCS any time you have a non-emergency need to find a provider or have a test/procedure done while in the U.S. MCS will provide information on:

- *Doctors (beyond primary care physicians, e.g., specialists)*
- *Hospitals for inpatient services*
- *Labwork and imaging services (including MRIs, PET scans, CT scans, etc.)*
- *Any outpatient surgical procedures*

WHY IS IT IMPORTANT?

Without access to basic information such as facility quality, cost, charges, or markup, you cannot make an informed decision as to where to have a procedure performed. By utilizing MCS, you will be referred to high-quality, cost-effective facilities and reduce your coinsurance costs.

For more information, please call: **+1.877.654.6229** or email us at mcs@imglobal.com

Use of the MCS should result in a lower out-of-pocket cost to you.

Medical Travel (Tourism)

When seeking medical care in the U.S., members should also consider our medical travel benefit.

WHAT IS INTERNATIONAL MEDICAL TRAVEL?

IMG offers an international medical travel benefit, which encourages participants to access non-emergency medical treatment at high-quality Joint Commission International or other qualified overseas providers, while generating significant cost savings for the plan and sharing a portion of that savings with the participant.

WHEN DO I CALL?

Members may contact IMG's precertification team prior to non-emergent medical treatment in order to determine if eligible for this benefit. International medical travel is designed for non-emergency medical treatment, such as:

- *Joint replacements*
- *Cardiac procedures*
- *Hysterectomies*
- *Spinal surgeries*
- *Other services as approved by the plan*

HOW DOES IT WORK?

A designated nurse case manager will evaluate the cost effectiveness of an international medical travel case to assess whether the minimum savings required can be achieved as defined by the plan. The case manager will then assist the member in identifying a qualified medical provider to render the specified care while negotiating medical fees.

Upon approval, the case manager will coordinate the necessary services including patient care, travel, scheduling, and housing. The case manager will assist with coordination of a medical follow-up visit upon returning home, when needed.

WHY IS IT IMPORTANT?

When a participant or dependent elects to use the international medical travel benefit to maximize plan savings, your plan administrator may provide a percentage of the cost savings achieved from treatment back to the participant.

Precertification

Precertification is the process for determining whether the services delivered or scheduled to be delivered to a patient are medically necessary and appropriate.

HOW IT WORKS

- To initiate the required precertification, refer to the phone number or email address on the back of your medical insurance card, or begin the process online through your MyIMG account at <https://www.imglobal.com/member>.
- Either you, the treating physician, or health care provider may initiate the precertification process.
- In case of an emergency, you have the flexibility to notify IMG within 48 hours after the emergency to initiate precertification. You must be admitted to request precertification; emergency room visits do not require precertification.

Note:

Precertification is not a verification of benefits or a guarantee of payment.

ADDITIONAL NOTES

If your hospital stay is extended, then you should request that the hospital or provider notify the IMG precertification team that your stay has been extended.

If a step in the process is missed, then the precertification team will attempt to complete the process via a callback to you and/or your provider.

If IMG does not receive a response during the attempt to complete the process, then the precertification request may be withdrawn.

The following treatments and services must be precertified or there could be a reduction in benefits:

- Chemotherapy
- Extended Care Facility
- Home Nursing Care
- Hospice Care
- Inpatient Hospitalization
- Interfacility Ambulance Transfer
- Radiation Therapy
- Surgery or Surgical Procedure
- Transplant
- Maternity Care

PRECERTIFICATION AND MATERNITY

In order to precertify a birth, you must request precertification within 60 days of your due date. You should supply a birth location during the precertification process. It is of the utmost importance to keep IMG's precertification department in the loop if anything changes with admission/delivery dates and to contact them within 48 hours of giving birth with admission date and birth information. You must to notify your group administrator within 30 days after the birth to ensure the baby is set up with the appropriate benefits.

PRECERTIFICATION PROCESS

1. Initial request comes in for precertification via email, MyIMG, fax, provider call, or member call. Precertification team reviews member's eligibility.
2. Request is built in the system and IMG requests medical records. If the request comes into IMG by provider phone call, the medical records are requested over the phone. If the precertification request is submitted via email, a response is sent to the provider requesting the records.
3. The medical records and a diagnosis code must support the procedure requested.
4. Once the medical records come into IMG's precertification team, a medical team reviews the request. The medical team will also determine if the procedure is medically necessary. Please note that even if the procedure is medically necessary, it may not be a covered benefit under this plan; the member should review their benefits to ensure that the plan covers the procedure and call IMG with any questions.
5. After the review for medical necessity, a letter is sent to the provider and the member to let them know the procedure is approved or denied (by email or by postal mail); if denied you have the right to appeal.
 - a. If a member is overseas and the precertification request comes in via email, the precertification decision will be sent back to the member via the email on file. IMG cannot mail a precertification notification overseas.
 - b. The member can also follow up with IMG via phone or email.

TO INITIATE PRECERTIFICATION

Phone: [+1.317.655.4500](tel:+13176554500)

email: precertification@imglobal.com

All coverage and benefits in the plan are in United States (U.S.) dollars. Benefits are subject to the exclusions and limitations and are payable only at Usual, Reasonable, and Customary charges. This is a summary of a selection of plan benefits offered only as an illustration and does not supersede in anyway the Certificate of Insurance and governing policy documents (together the "Insurance Contract"). The Insurance Contract is the only source of the actual benefits provided.

Claims Procedures

SUBMITTING YOUR CLAIM AND RECEIVING PAYMENT

Whether stateside or overseas, IMG would like to help you as much as possible in having your claim processed in a timely fashion. In order to do that, allow us to provide you with some helpful hints and explanations.

Let's start by explaining that the claim adjudication process begins with proper notification that a claim has been incurred. To do this, you or the medical provider must submit a medical claim form and an itemized bill which lists the services rendered.

*We **always** recommend that you take time to practice the following steps in the claim process:*

- Prior to seeking medical treatment, read all documents provided at the time of enrollment.
- Make sure you understand what services and procedures require precertification prior to treatment so your benefits will not be reduced.
- Present your IMG ID card to all medical providers at the time of treatment.
- Complete a claim form, along with all proper documentation, once services have been rendered.

The claim form needs to be completed by you or your provider. This form explains to our claims department the history behind your claim submission and other pertinent information required to process the claim.

*If you don't **submit the required documents**, your claim could be delayed or unpaid.*

CLAIM FILING DOCUMENTATION

What types of documentation is needed?

- Completed GEO Group claim form
- Prescription from doctor (date, amount, drug name, and dispensary)
- In reimbursement situations, proof of payment
- Accident questionnaire form (when necessary)
- Wire transfer form (if the member lives overseas). Please be clear on where the reimbursement goes and include necessary information to reimburse the claim.
- For physical therapy claims, include the referral from your doctor with frequency and duration.

Please remember to submit your original itemized bills and receipts promptly following your medical visit/ care (must be submitted within 180 days). Do not hold them until the end of the year. IMG will apply eligible medical expenses to your deductible and coinsurance throughout the year.

Log in to your MyIMG account at www.imglobal.com/member

HOW TO FILE VIA EMAIL

- Attach copies of documents to your email.

FOR THE BEST CLAIMS EXPERIENCE AND TO AVOID DELAYS

- Submit your claim online via MyIMG at www.imglobal.com/member. You will receive an email that your claim has been submitted. If you file your claim through email or postal mail, you will not receive a notification.
- Logging into your MyIMG account on a regular basis will help you stay on top of your claims status. It may take up to 24 hours for your claim status to update from “Submitted” to “Processed.”
- If your claim is denied, be sure to look at the **explanation of benefits and review remark codes** to see if your claim needs additional attention or additional documentation to process.
- If you don't submit a claim within the timely filing period, then your claim may be denied.
- If your claim submission is lacking the proper documentation, then your claim will be delayed.
- **Complete the form in its entirety.** Be descriptive in regards to services the doctor performed, past medical history, date the condition and/or symptoms were first experienced, and addresses of prior physicians. Remember, if a question applies to your particular situation, please answer it.
- Submit a new claim form for each family member AND for each new medical condition being treated.
- Even though we can process claims in other languages, when possible, provide translations in English for charges being submitted.
- Keep copies of all forms submitted to IMG—this will help you should you need to refer back to your submission.
- Claims submitted via fax, secure email, or the secure message center can only be accepted when they are clear, legible, and do not appear to be altered.
- When submitting prescription drug charges for reimbursement, we require more than a cash register receipt. Please forward information including your name, date of service, name of the drug, quantity dispensed, price, prescribing physician, and name of pharmacy. To help the process, it is most helpful if you affix any loose paper receipts to a full piece of paper.
- If requesting a wire transfer, we must have complete banking information on file before we can honor that request.
- If you are the group administrator submitting claims on behalf of a dependent minor child and wish for the reimbursement to be sent to the parent or guardian, that request needs to be added to the claim form so special handling may be arranged.
- Provide an email address where you can be contacted. Resolution by secure email is much faster than postal mail.

Frequently Asked Questions

Q: *How do I submit a claim?*

A1: If you're outside the USA and you paid for medical treatment, complete a Group Claim Form, attach copies of the original itemized bills and paid receipts, and mail, email to IMG, or submit your claim online at www.imglobal.com/member.

A2: If you receive a bill from a PPO Provider while in the USA, please send it to IMG. If you pay your bill directly to the provider, you may not receive a PPO Provider discount.

Note: Claims must be filed within 180 days from the date that the eligible expenses were incurred.

Q: *How are claims processed?*

A: Your claim will be processed when we have received all necessary information. Your claim may be delayed if additional information is needed from you and/or your provider.

Q: *When should I submit a claim?*

A: Claims must be submitted to IMG within 180 days from the date of service.

Q: *What is required to accurately complete a claim form?*

A: It's important to submit the fully completed GEO Group Claim Form along with itemized bills, statements, and invoices for services and supplies you have received.

Q: *What typically delays a claim from being paid?*

A: The most common problems are missing information such as:

- Incomplete claim form
- Missing itemized receipts
- Missing or incomplete wire transfer form for overseas payments
- If related to a pre-existing condition, a prior Certificate of Credible Coverage may be required

Q: *What if I want to designate someone to act on my behalf?*

A: If you wish to have someone act on your behalf, IMG requires that a Privacy and Confidentiality Statement be signed by the insured person or guardian. This form is part of the claim form. The Customer Care department will not discuss any information with the designated person unless the completed form is on file.

Q: *Will IMG pay directly to providers?*

A: In many cases, IMG works directly with the hospital or clinic, including those outside the USA PPO network, for direct payment of eligible medical expenses on your behalf. To have a claim paid in this manner, you or the provider must complete a Group Claim Form and submit it with copies of your itemized bills. If applicable, you will be responsible for direct payment of your deductible, coinsurance amounts, and non-eligible expenses and charges.

Q: *What happens if the provider bills me before IMG pays the bill?*

A: Many providers send copies of bills to the insurance company and to the patient. If you receive a bill after receiving treatment from a provider, please contact IMG's Customer Care department. The provider most likely sent the bill to IMG and the bill will be processed soon. Help us avoid duplicate payments by allowing IMG to make payments to providers on your behalf.
